In the reference 4th read above, the Engineer-in-Chief, RWS&S, Hyderabad has stated that, from the formation of RWS&S Department certain Junior Technical Officers (Draughts Man Grade-III) working in RWS&S Department were requesting to relax the service rules, as there is no provision in the reference 3rd read above for promotion as Assistant Engineer and also to regularize the services of Assistant Engineers who were already promoted in terms of G.O. 1st read above, under the context of giving them a fair chance for one time, to upgrade their services under natural justice. Further stated that the prestigious Project of Telangana Drinking Water Supply Project is under progress and has to be completed in a time bound schedule and there is a shortage and necessity of experienced Engineering Personnel for executing the project. Accordingly, he has requested to issue necessary orders for relaxation for one time only for providing a channel to the following:
